

## Temporary Disruption in Service

### Planned Service or Access Disruptions

Any pre-planned interruption to entrances, access roads, elevating devices or accessible washrooms will be posted on the NBRHC website to provide public notification.

Signs will be placed at the interruption site and at public entrances indicating alternate access.

### Unexpected Disruptions in Service

Temporary and/or unexpected disrupted where advance notice is not possible through the external website, will be communicated through signage.

These signs will be posted at the site of the disruption and at public entrances.
