

Ethics Framework: All Things Considered

FAIRNESS & ACCOUNTABILITY

Are we being transparent in our decision making?

Is our process fair, relevant, publically disclosed, appealable and enforceable?

> Are we being good stewards of our resources?

Have we considered the consequences of our action for all concerned?

LAWS, STANDARDS & REGULATIONS

SITUATION

Have professional codes of conduct, standards of care and best practice been considered?

How do we incorporate or engage our values of Compassion, Accountability, Respect, Excellence and Care for Community?

> Are there existing relevant organizational policies?

24 CONNENDATION **ENGAGEMENT & EMPOWERMENT**

Have we engaged the patient?

Who are the relevant stakeholders?

Have all the different viewpoints been considered?

Has our level of engagement been appropriate with the community?

Are we considering all the people involved as persons?

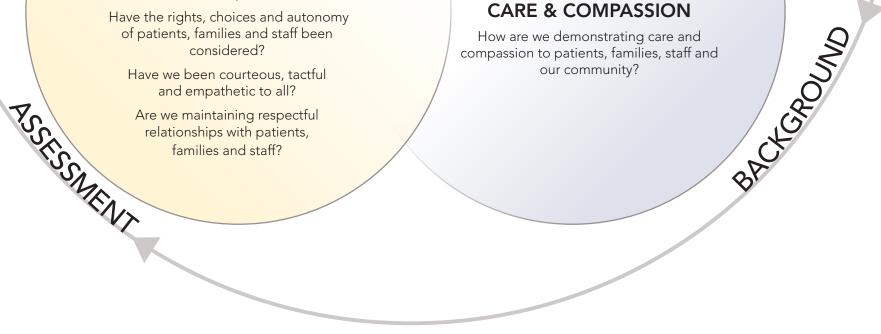

Have the rights, choices and autonomy of patients, families and staff been considered?

Have we been courteous, tactful and empathetic to all?

Are we maintaining respectful relationships with patients, families and staff?

CARE & COMPASSION

How are we demonstrating care and compassion to patients, families, staff and our community?

Working with you to be the best in health care
