

**INTERIM FULL TIME MANAGER
PERIOPERATIVE SERVICES
CLINICAL SERVICES**

Reporting to the Director of Medical & Surgical, you will apply your proven interpersonal and leadership skills in program visioning, planning, resource allocation, service excellence, research and quality improvement. In addition, the Manager will promote patient-focused, interdisciplinary care, both within the Hospital and the community

The Perioperative Manager will be responsible for the following programs:

- Operating Room, including Ophthalmology Clinic
- Preadmission Clinic
- Post Anesthetic Care Unit (PACU)/Day Surgery & the Pain Management Clinic
- Seamless MD Remote Care Monitoring Program

JOB SUMMARY:

- Provide administrative and clinical leadership to a multidisciplinary team
- Create an environment of continuous learning; engaging staff, patient and families in continuous quality improvement
- Use data to facilitate the delivery of safe high quality, patient-centered care to patients
- Foster an environment that is collaborative, inter professional and accountable, partnering with patients and caregivers
- Coordinate and be accountable for the day-to-day utilization of resources to achieve the service's goals
- Provide leadership for operating initiatives, program goals and objectives to meet strategic directions in partnership with the Clinical and Medical Director of the program
- The successful candidate must support and contribute to a culture of safety and prevention of adverse health events and promotion of quality in this organization

QUALIFICATIONS:

- Relevant clinical degree at the Baccalaureate and Masters level
- Minimum of three (3) years of recent management or advance practice experience
- Recent relevant clinical experience working with perioperative programs i.e. Operating Room, PACU, Day Surgery.
- Excellent budgeting and financial management skills and knowledge of funding and care delivery models related to the Perioperative programs
- Superior leadership, communication, team building and creative problem solving skills
- Experience with change management and innovation
- Demonstrated coaching and empowering style of management
- Demonstrated ability to support and contribute to a culture of safety and prevention of adverse health events and promotion of quality in our organization
- Current Non-Violent Crisis Intervention (NVCI) Certificate required (training delivered by Health Centre upon hire)
- Bilingualism (English/French) is an asset

Interested candidates are asked to submit an application form and/or resume with a copy of this job posting with completed qualification-check (please check off ✓ beside each qualification you hold).
